

TRANSFORMATION?

When the heart slowly sinks
into the mire of unhappiness.

When the mind insistently whispers
about could, must, should and ought.

When the voice of the less-than-whole-self
grows irritable and impatient
with the way people are, or are not,
and with the way I am, or am not,
let it all be. Move away. Step aside.

Go to the inner dwelling place
where the Christ-light flames endlessly.

Stand in the centre of that Love,
untouched by ego-demands, strident voices,
clamouring for attention because of their
shattered hopes and unfulfilled yearnings.

Walk past all that hinders kinheartedness
from glowing steadily in my daily routines.

Move into that place of transformation.

Be restored, repaired, renewed, regenerated.
