

**ORDINARY TIME:** On Monday last, 11th Jan'21, we began what is called 'Ordinary Time' in our liturgical year. Ordinary Time in the Church's year refers to that time which is neither the season of Advent, nor the season of Christmas, nor the seasons of Lent and Easter. The colour of the priest's vestments in Ordinary Time is green, which could be seen as an appropriate colour in all our all our lives right now. In a few weeks we can look forward to the green shoots of spring as the miracle of nature starts to unfold once again. At present, all of us are living through 'extra-ordinary' times as the numbers contracting the Covid virus have soared in recent weeks. Thankfully, most people are doing their very best to follow the health guidelines and we can all play our part in ensuring the health, safety and wellbeing of one another. Let us also continue to pray for an end to the pandemic and look forward confidently to the on-going roll out of the vaccine in the coming months.

### THE PATIENCE OF ORDINARY THINGS

It is a kind of love, is it not?  
How the cup holds the tea,  
How the chair stands sturdy and foursquare,  
How the floor receives the bottoms of shoes  
Or toes. How soles of feet know  
Where they're supposed to be.  
I've been thinking about the patience  
Of ordinary things, how clothes  
Hang respectfully in wardrobes  
And soap dries quietly on the dish,  
And towels drink the wet  
From the skin of the back  
And the lovely repetition of stairs  
And what is more generous than a window?
