

Making the Best of Life.

Life isn't fair but it's still good.

When in doubt, just take the next step.

You don't have to win every argument.

Agree to disagree.

Make peace with your past so it won't mess up the present.

Don't compare your life to others.

You have no idea what their journey is about.

If a relationship has to be a secret, you shouldn't be in it.

Be rid of anything that isn't useful, beautiful or joyful.

Prepare well and then go with the flow.

No one is in charge of your happiness but you.

Frame every so called disaster with these words; 'in five years time, will this matter?'

Time heals everything. Give time, time.

However good or bad a situation, it will change.

God loves you because of who God is, not because of anything you did or didn't do.

Show up, dress smart and make the best of life.

Life isn't tied with a bow but it's still a gift.

The best is yet to come.
