

## Wisdom

Beneath the surface of my life  
there flows a stream of inner wisdom.  
It flows like an underground stream  
from one end of my life to the other.  
Gained through the experience of people  
and events in my life,  
remaining dormant until  
it is brought to consciousness.  
It is unique and personal,  
accessible only to me.  
It is available only through the silent voice  
speaking in my heart,  
through this inner wisdom.  
When I am truly still I come to know  
that you my God walk always with me.  
I can then discover what is  
true and worthwhile in my life.  
I have gained wisdom without price.
